Dear Sue,

Thank you for calling our attention to the work of Constance Bergfors. The Fine Arts Commission sent a group to view her "Fragmented Paintings" and ended up purchasing several of them. Two are in the Main Reception room, two are in B corridor, and two more will be hung this month. Thank you for your discerning eye.

Remarks: of possible interest. This artist's work strikes me as possibly suitable in the Dept. Building. Her works are large, interesting shapes, & in the same color as some of our doors
